Use Determination & Recommendation:

Has the use existed since November 28, 1975? ☒ Yes ☐ No ☐ Unknown

Comments: The UAA survey was conducted in April 2008 and no evidence of WBCR was observed. According to MDC comments from 2005 and confirmed by an adjacent landowner in 2006, people are known to swim, fish and wade in the creek. No interviews were conducted during 2008 UAA.

Is the evaluated use attainable? ☒ Yes ☐ No

Comments: The stream did not meet the maximum or median depth criteria. However because of comments citing existing use, the committee recommends that the WBCR use be retained. Due to comments citing secondary contact recreation (fishing), the committee recommends that the secondary contact recreation use be assigned.

**Committee Recommendation:**

☐ Add Use ☒ Retain Use ☐ Remove Use  
☐ Modify Use ☐ Inconclusive
